### Customer Testimonial

We couldn't have done it without Tara. We had no idea what to do, or where to start. My husband and I had found each other again and we didn't want to spend any more time apart. Tara managed quite a feat by pulling off our wedding in under three months and kept us within our budget. We were overwhelmed by how many things we had to do in such a short time but, somehow Tara helped us to remain focused and kept us on our toes regarding our deadlines, she was very prompt and reliable. She was instrumental in helping me find my dress, and even choosing napkin colours. Tara stayed true to our wedding theme and executed our wedding day plans to a tee. She was meticulous, professional, and yet very caring in her approach.
